National Expo 2026- 16th Year

National Expo 2026 is a four-day industrial trade fair in Raipur, focused on steel, power, cement, mining, and allied heavy industries. Positioned as a key B-city industrial platform in India, it brings together equipment makers, plant owners, and technology providers for Central India's core sectors.

Key facts

Type: Industrial trade fair (steel, power, cement, mining, heavy engineering)

Organizer: **Indore Infoline Pvt. Ltd.**

Background and focus

The expo has evolved into "India's International Industry Fair," primarily serving steel plants, sponge iron units, rolling mills, power plants and other heavy industries. It also highlights electrical and electronics, packaging machinery, and a growing Industry 4.0 zone covering IoT, AI, robotics, 3D printing, CNC and factory automation solutions.

Venue and setting

Raipur, often called the steel city of Central India, hosts a dense cluster of re-rolling mills, sponge iron plants, and ancillary units, making it a natural hub for such an exhibition. Science College Ground on GE Road functions as the main exhibition grounds, with multiple listings confirming it as the 2026 venue. Easily connected with Bhilai, Durg, Rajnandgaon industries also.

Exhibitors, visitors and activities

Exhibitors typically include suppliers of plant and machinery, machine tools, electricals, industrial electronics, renewable energy solutions, automation systems, and engineering products. Visitors range from plant heads and purchase managers to project consultants and MSME owners. The event emphasizes stall exhibitions, live demos, and B2B networking rather than consumer activities.

Significance for industry

The Raipur National Expo acts as a regional sourcing and networking hub for steel, power, cement, and mining stakeholders, particularly from Central and Eastern India since 2009. It is marketed as a strategic opportunity to discover new suppliers, compare technologies on one floor, and explore modernization and capacity-expansion options in line with India's broader industrial growth plans

Dear Sir,

Greetings, India is heading towards \$ 5.0 Trillion economy. Business and industry likely to grow in 7-8% in India. Business scenario will change. There will be business growth and opportunity for everyone.

Business and Industrial Expo will provide you a great opportunity to expand your business.

Now, we are inviting you to participate in the Ground Exhibition to unlock your business. It is an opportunity to promote your products local as well as global at no extra cost.

We invite for your participation in **16th Year - National Expo & Conference (Steel & Power) from 27-30 Nov 2026.**
